Our annual ministry banquet is a pivotal event, informing our donors and supporters while providing a great meal and an opportunity to financially pledge support for the ministry that helps moms and dads choose life for their babies. Be sure to let us know that you're coming by February 16 so that we are sure to have a spot just for you. Invitations will be mailed on January 25, 2016 - be sure to look for yours in your mailbox! Contact us at 810.985.4673 if you don't receive yours and would like to attend.

Click on the Google Calendar button above to add our Banquet to your calendar.

My Dream Pregnancy Center—1st Choice for Women’s Health Offer more services and be known as a national brand

My dream: pregnancy centers would be known throughout the nation as the #1 place to go for women’s health. Currently less than 10% of women and men know about pregnancy centers.

Approximately 60% of abortions are obtained by women who have one or more children, and 50% of abortions are repeat. Abortion is the #1 surgery in the USA (over 1 million every year) and Planned Parenthood is the #1 provider of abortions and offers little else. With Planned Parenthood performing approximately 350,000 abortions each year, they decided to sell aborted baby parts for profit. Something needs to change!

Why don’t women go to a more holistic health center?...because they don’t know that we exist! Overwhelmingly, across the nation, women who DO go to a pregnancy center love us. We need to offer more benefits and become trusted, nationally recognized clinics.

We need a model for pregnancy resource centers to offer consistent, fully accredited medical services, and strong branding as a national affiliated alternative to Planned Parenthood. Women need services for their fertile years in one convenient location: well-woman care, OB/GYN and birthing services, pregnancy-support services including pregnancy tests, STD treatment, RU-486 reversal, ultrasounds, prenatal care, cancer screening, natural family planning instruction and fertility care, pharmacy needs, counseling, grief support, and adoption resources. We need them to develop a relationship with us, rather than Planned Parenthood.

Compassionate care for women and men experiencing an unplanned pregnancy
October 2015

18th Annual Walk for Life Sunshine, Dedicated Walkers, Record Support

What dedicated walkers and volunteers we have! The rain held off until the very end of our stroll and the threat of weather didn't keep any of our 120+ walkers away. They raised over \$18,000! People zoomed on scooters, walked, rode in wheelchairs and strollers.

the funds donated go towards helping our clients and their babies. Please join us in thanking our sponsors by giving them your business.

Value? Me? No, I Don't Have Any... Clients Have Limited Dreams, Limited Self-worth, Leave with Hope

Almost every woman who comes in our door is fighting a battle. She's likely unsure of where she stands in a relationship and there's a high probability she's unsure of her value as a person.

Many of the single women we see believe that if she ends the physical aspect of her relationship, her boyfriend will leave. Of course that gives rise to a fear—that her value is not based on who she is, but only on what she is willing to do...or not willing. It is a sad reality for a young woman as even as she is involved in a relationship, her heart is breaking.

Her battle then is with her heart. Does she risk losing her boyfriend by doing the right thing? What if she becomes pregnant? Will she follow her heart that longs to give life? Or will she give in to what the world calls the easy way out in order to keep from losing what she thinks she has?

This ministry is about hearts. Broken hearts, dulled hearts, wounded hearts—and all of them are longing to be filled with purpose and peace. Filling that longing is our heart's desire for every person who comes in our door.

Our mission is to share the hope of Jesus Christ so that young moms and dads can find the joy that only He offers. We're seeing lives saved, one at a time. Your heart for this ministry is essential. Your prayer support, financial support, volunteer hours, and your heart for Jesus: Christ make it possible for us to faithfully introduce our clients to the only One who can heal their hearts.

This ministry is about hearts...
...broken
...dulled
...wounded
...longing
—Justin L. Redman

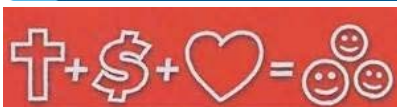

What will you do with your *Choice* dollars?
